Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CARITAS as of June 30, 2017 and 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses is presented for purposes of additional analyses and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 – ORGANIZATION

CARITAS For Children, Inc (“CARITAS”) is a not-for-profit organization located in the City of Milwaukee, Wisconsin and is incorporated under the State of Wisconsin statutes.

The Relationship of our Material Stewardship to our Mission and Purpose

CARITAS is organized and structured as a layperson administered Catholic global apostolate. As such the entire purpose of the material revenues it receives and expends as goods and services relates to the scope, operations, development, and expansion of our mission activity. Because we are Roman Catholic in character and identity, our mission activities are centered in our belief in Christ. We are further distinguished in our evangelizing purposes and our embrace of Christ’s scriptural exhortation to *Love One Another* (John 13:34) unifying our efforts across our ministry endeavors.

CARITAS strives to achieve Christ-centered goals for missionary purposes. We believe in the dignity and worth of every man, woman and child. We seek the fullest development of the whole person to reach their fullest potential in God’s plan. We achieve this by providing for the material, spiritual and emotional well-being of those we are privileged to serve.

Living out Christ’s imperative to *love one another*, we share God’s love providing financial assistance to deliver life’s basic necessities of food, clothing, medical care, education, safety and shelter to orphaned and vulnerable children worldwide. In every location where we are a presence, our children are provided a strong spiritual, emotional, and educational foundation under the guidance and care of our ministry partners of Catholic religious communities.

CARITAS provides the following programs:

Child sponsorship programs – The program provides financial assistance for the health, education and general welfare of orphaned and disadvantaged children in Kenya, Nigeria and Uganda in Africa the Dominican Republic and Haiti. Through child sponsorship CARITAS provides children with the opportunity for quality education, daily meals, clothing and medical care. Sponsored children attend a Catholic school run by the local religious indigenous men and women who understand the particular needs related to the child. There are two components to the child sponsorship program (*Boarding or Day School Program*).

Actual results could differ from those estimates.

PROPERTY AND EQUIPMENT – Property and equipment are valued at cost or if donated, market value at date of donation. CARITAS policy is to capitalize expenses of \$500 or greater. Estimated useful life is five to fifteen years for software and equipment.

Maintenance and repair costs are charged to expense as incurred. Fully depreciated assets are retained in the accounts until such assets are physically retired.

REVENUE – Contributions are recognized upon receipt. Gifts, other than cash, are recognized at fair market value at the date received. Contracts for services revenue are recognized to the extent of expense incurred. Sponsorship revenue is recognized when earned. Contributions received are recorded as unrestricted and temporarily restricted support, depending on the existence and nature of any donor restrictions. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions.

When a restriction expires, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the combined statements of activities as net assets released from restrictions.

DEFERRED REVENUE – Deferred revenue is recorded for contributions received, but not yet earned.
